

**AMENDMENTS TO THE SPECIFICATION**

*Please replace paragraph [0106] of the Substitute Specification, which has been previously entered to replace the originally submitted specification, with the following amended paragraph:*

[0106] The mixture of fuel gas and air can be fed to the roller 10 via at least one rotary inlet 49 (see Figures 1 and 2).

*Please replace paragraph [0109] of the Substitute Specification, which has been previously entered to replace the originally submitted specification, with the following amended paragraph:*

[0109] Again, the mixture of fuel gas and air can be fed to the roller 10 via at least one rotary inlet 49 (see, e.g., Figures 1 and 2) in the case under consideration as well.
